CAMP@ROMIMU.COM

Dear Parents,

In our ongoing commitment to ensure the safety of campers who will be taking medications, vitamins or supplements on a daily basis while at camp, we have selected J Drugs, a pharmacy who supplies pre-packaged medications, to supply medications to our campers for the upcoming summer season.

Pre-packaged medications provide for a safe, sterile and error-free way to dispense medications. This distribution method is endorsed by the American Camp Association and is used by hospitals, nursing homes, schools and camp throughout the United States.

Our policy for dispensing medicine requires ALL campers and staff members who take medication daily to use J Drugs to package their prescription Medications, over the counter medications, vitamins, and supplements.

PARTICIPATION IS MANDATORY FOR ALL CAMPERS AND STAFF MEMBERS WHO TAKE MEDICATIONS, VITAMINS, OR SUPPLEMENTS ON A DAILY BASIS. THIS REFERS TO MEDICATION IN PILL FORM ONLY.

PLEASE NOTE: Copies of all prescriptions and doctor's notes must also be submitted to the camp along with the camper's health history form.

- All orders for medication must be placed directly through J Drugs
- To order non-prescription items (over-the-counter medications, vitamins, and supplements) through J Drugs, a doctor's note or prescription is required.
- J Drugs **DOES NOT** charge a service fee. Your only charge is your medication cost or insurance copay.
- The deadline for this program is June 1, 2017. A late fee of \$10 per camper will be charged for all medications ordered after this deadline
- This program is mandatory. Campers who do not arrive at camp with their medications, vitamins, or supplements packaged by J Drugs will be subject to a \$25 rush fee to fill their prescriptions through J Drugs
- J Drugs accepts NYS Medicaid, and all Major insurances
- If your child takes a medication that requires a new prescription every time it is filled, please have your doctor postdate prescriptions or leave the date field blank when you submit the prescriptions.

Please review and complete the attached J Drugs documents immediately. Thank you in advance for your cooperation.

J Drugs Frequently Asked Questions

How do I order through J Drugs?

You can order by phone, fax, or mail. Please use the order form provided by your Camp. If you have any questions, please call J Drugs at (718) 258-6686.

How is my insurance billed? How am I billed for co-pays?

Our pharmacy bills your insurance company directly as prescriptions are filled. Co-pays, deductibles, the cost of over-the-counter medications, all uncovered medications and our service fee (if applicable) will be charged to your credit card.

How much does J Drugs charge for this service?

There is NO FEE for the medication packaging and delivery up to camp.

What will my prescriptions cost me through the J Drugs program?

No different than your local pharmacy. Insurance co-payments and/or deductibles are determined by your insurance carrier and prescription coverage.

How will I be charged?

You will be billed directly by J Drugs

What is the relationship between J Drugs and our camp?

J Drugs is an independent pharmacy that has been chosen by Camp Romimu to provide medication services its campers. We are a third party provider and are not associated with Camp Romimu.

How are the medications packaged?

Generally, camps utilize individual dose packaging. Each dose of medication is sealed in a medication strip package with a detailed label that includes your child's name, date of birth, medications enclosed, date and time to be administered, and any special instructions. The camp staff simply tears open the perforated packet and hands your child his medications. Please note that only medications in pill form can be included in the dose strip. Other medications, such as inhalers, creams, and liquids, are dispensed and labeled separately and shipped to camp with your child's other medications.

Can J Drugs package over-the-counter (OTC) medications such as vitamins, Benadryl or Claritin?

Yes. When you register provide us with detailed information regarding over the counter medications, including dose and time of administration. Our pharmacy will package these items with any prescription medications dosed at the same time of day.

What if my child is prescribed a controlled medication such as Adderall, Ritalin or Concerta?

We must receive an ORIGINAL PRESCRIPTION for all controlled medications prior to shipping the medication. Prescriptions for controlled drugs will only be accepted for a thirty day supply. If your child is attending camp for a longer period, the Doctor MUST supply a separate prescription for each 30 day period.

Can you supply vitamins and supplements?

Yes. We offer a large assortment of vitamins and nutritional supplements. Please indicate your preferences when registering your child and we will notify you of any availability issues. If you would prefer to have these items packaged together with your child's other medications, please provide us

with written authorization from either the parent or the physician.

Will J Drugs dispense name brands or generics?

Unless the physician specifies "Do Not Substitute" or "Brand Only" our pharmacy will dispense the generic. Many insurance plans will only pay for a generic. If you do not want a generic, we ask that you notify your physician in advance. For OTC medications, our pharmacy will provide generics unless you specify otherwise. In the latter case, our pharmacy will attempt to provide the brand of medication you request, but may have to substitute a generic if the name brand is not available.

What if my child is at camp for longer than a month?

The physician can write most prescriptions with refills. For controlled substances, however, an additional 30-day prescription will be required.

What happens to extra medications if my child is at camp for less than 30 days?

Any unused medications will be sent home with your child on the last day of camp. You may use the extra medication at home or on vacation.

We have a ninety-day prescription plan. Can I still use J Drugs?

We can accommodate this situation with the proper planning. Please contact us immediately so that we can plan accordingly.

What time are medications dispensed at camp?

Medications are generally dispensed at meal times and at bedtime. Please make certain that your doctor indicates the time(s) each medication should be taken on the prescription so that the camp can accommodate special requests

My child takes a different dose of the same medication every other day. Can it be packaged that way?

Yes. It is critical that your Doctor provides a prescription written exactly how the medications should be given. Our pharmacists can only label a prescription according to the exact instructions of the Doctor and the camp will dispense the medication accordingly.

What happens if I order late?

If your child's medications must be sent in a later shipment J Drugs will charge an expedite fee as well as shipping costs. Please note that in order to have your child's medication ready and waiting in camp when he/she arrives it is important that you submit your order prior to the June 1st deadline.

What if my child's doctor writes a prescription for a new medication after your deadline for registering has passed?

We will work with you to handle late medication changes. You may be required to send additional medications to camp as a back up and additional shipping charges may be applied.

Do you participate with my insurance?

We are a fully functioning pharmacy and we accept all forms of insurance including NYS Medicaid.
