Elyon - Five small letters representing a whole new concept in camping. Five small letters that are exploding with fun and excitement. Five small letters that create a world of growth and an environment of inspiration. That is the Elyon Division – Our teenage camp within a camp. We invite you to share the joy, experience the warmth, and create memories and friendships that last forever!

Who or What is an Elyonite???

Elyon is our unique camp designed for bochrin finishing eighth grade. Our teenage campers are looking for a summer that is different than all the years they previously spent in camp, while still having the familiarity of the camp they've always loved. An Elyon summer is filled with activities and events that maximize the fun and adventure while fostering an atmosphere of independence and growth. Elyonites are soaring to new heights!

Elyon Trips

The buses pull in around the Romimu circle. Anticipation mounts as the boys, clad in their distinctive Elyon t-shirts, begin to board the buses. The rest of the camp is abuzz wanting to know the destination of the Elyon Division this week. Is it tubing on the Delaware River or will they be donning racing gear and helmets to speed race around a race track? Will they be ice skating, horseback riding or playing laser tag? These are just some of the awesome trips on which Elyonites embark weekly. This is in addition to the many intercamp games that the Elyon division plays in other camps, as well as hosting camps for intercamp games on our amazing courts and fields.

RomimuEast

"Wow! So much fun!!! This is awesome!!! It is so challenging, so exhilarating. I have never had an experience like this in my life." These are only some of the comments that are repeated again and again. Our wilderness adventure program for our Elyon campers is a huge success.

Campers sign up for 1 - 3 day hikes and view the Gadlus HaBoreh as they explore and climb to new heights. The boys challenge themselves with rustic hikes in places like Slide Mountain, Breakneck Ridge, Marcy Mountain and Kaaterskill Falls. Under expert leadership, campers learn survival skills, are able to set up their own tents and learn how to cook and prepare foods outdoors. In addition, they bond very closely together. As the Romimu Travelling Van returns after each trip, the boys descend wearing huge smiles and

exclaiming about the wonders of their travels. The boys immediately seek some well-deserved rest. But as they drift off, they only want to know when they can go on another Romimu wilderness adventure again.

Exploring New Interests and Expanding New Horizons

Have an interest in learning something new? Want to try out something you've never done before. Want to improve skills you already have? Elyon has the opportunity to do it all! In our "Choose Your Own Workshop" hour, Elyon campers can choose between a myriad of activities that include Aqua Park, tubing, woodworking, biking, a CPR course and more.

The relaxed atmosphere of the Elyon Division allows each boy to grow on his own and to make choices and decision befitting a bochur his age. Our later curfew (and night canteen!) gives the Elyonites more independence and time to be on their own a bit. Our separate air conditioned, gorgeous Beis Medrash allows the davening and learning to match the level of the teenage camper. Our beautiful air conditioned dining room is just for the Elyon division and the ruach there is perfectly tailored for them. Special guest speakers enhance the wonderful learning program that the Elyon campers enjoy.

Masmidim Option

Elyon campers have the option of joining the acclaimed and popular Masmidim Program. The Masmidim have a more intensive and longer learning program with an outstanding and dynamic talmud chochom. The bochrin who are in the Masmidim Program are not in separate bunks, but are integrated into Elyon bunks with their camp friends. The masmidim rebbi always marvels at the high level of learning and motivation of the Romimu Masmidim.

Elyon Rollerblading

Rollerblading, anyone??? You asked for it, you got it! As soon as our Elyon campers and staff spotted our gorgeous, lighted hockey rink – nicknamed "the tub," – requests poured in to add rollerblade hockey to our night league sport competitions. Well, bring your rollerblades and helmets, because when our campers ask, we deliver! We will be having a special night league rollerblade hockey, as well as other rollerblading times exclusively for the Elyon Division on our new hockey rink. Are...you....ready!!!???
