Get ready for the summer of a lifetime! You waited and waited for that special summer. The mystery and excitement of 'Planet Gimmel' have enchanted you. And here it is coming up this summer! You have made it to.... Gimmel Power!!!!!!

## Gimmel Wilderness Program

Gimmel campers eagerly anticipate the renowned RomimuEast Wilderness Program. The boys have the option of signing up to explore the Gadlus HaBoreh and discover nature as they have never seen before. Campers enjoy rock scrambles up to scenic mountain peaks, see breathtaking views as they reach new heights, and explore caves and fascinating rock formations. The boys challenge themselves with rustic hikes in places like Slide Mountain, Breakneck Ridge, Marcy Mountain and Kaaterskill Falls. As the Romimu Travelling Van returns after each trip, the boys descend wearing huge smiles and exclaim about the wonders of their travels. The boys immediately seek some well-deserved rest. But as they drift off, they only want to know when they can go on another Romimu wilderness adventure again.

## Special Gimmel Trips

In addition to the fabulous Wilderness Program, Gimmel campers enjoy trips designed exclusively for them. Last summer's ice skating trip was a huge success. Campers and staff enjoyed the time to be together – just their division alone. Friendships were cemented and tons of fun was had by all. As a Gimmel camper explained, "We do this because we're in the best camp - Camp Romimu and the best division – Gimmel." Stay tuned for information about the exciting trips planned for this summer that are part of the super Gimmel experience!

## Gimmel Reaches New Heights in Camp Romimu

Gimmel doesn't only have fun outside of Camp Romimu. They love the relaxed, fun environment in Camp Romimu as well. Their popular division head always has a plan up his sleeve to make each day special. Last year's cardboard boat race in our magnificent lake was just one of the many popular events of the summer. Night leagues, later curfews and of course night canteen are some of the many privileges extended to our Gimmel campers.

And of course Gimmel is always happy to join Elyon in our beautiful Beis Medrash. The davening and ruach are befitting the bar mitzvah aged bochur. The cool air conditioning of the Beis Medrash, the stunning architecture and the exquisitely designed interior are sure hits with all our Gimmel campers.

**GIMMEL POWER IS GROWING.  
WE CAN'T WAIT FOR YOU TO BE A PART OF IT!!!**
