Get ready for the summer of a lifetime! You waited and waited for that special summer. The mystery and excitement of 'Planet Gimmel' have enchanted you. And here it is coming up this summer! You have made it to.... Gimmel Power!!!!!!

## Gimmel Spotlight

Every day in Gimmel is a Grand Slam Day! Gimmel campers eagerly anticipate the exciting leagues, lakefront activities, go karts, off-road biking and more! The courts and fields reserved for the gimmel camper are magnificent. Manicured baseball fields, top-of-the-line basketball courts, professional hockey rinks, state-of-the art lined football fields all contribute to make the sports activities in Gimmel one of a kind! But nothing beats the great fun of gimmel division special events. Our talented division head, Rabbi Eitan Tannenbaum, always has something special up his sleeve. Gimmel campers enjoy football tournaments, wiffle ball tournaments, wacky (really wacky!!) Olympics, kumzitzes, bonfires, barbecues and more. These activities are geared specifically and uniquely to the Gimmel camper. As a Gimmel camper explained, "We do this because we're in the best camp - Camp Romimu and the best division – Gimmel!"

## Special Gimmel Trips

In addition to the special events, Gimmel campers enjoy trips designed exclusively for them. Last summer's ice-skating trip was a huge success. Campers and staff enjoyed the time to be together – just their division alone. Friendships were cemented and tons of fun was had by all. Stay tuned for information about the exciting trips planned for this summer that are part of the super gimmel experience!

## Gimmel Reaches New Heights in Camp Romimu

Gimmel doesn't only have fun outside of Camp Romimu. They love the relaxed, fun environment in Camp Romimu as well. Leagues, later curfews and of course night canteen are some of the many privileges extended to our Gimmel campers.

And, of course, Gimmel is always happy to join Elyon in our brand-new Beis Medrash. The davening and ruach is befitting the bar mitzvah aged bochur. The cool air conditioning of the Beis Medrash, the stunning architecture and the beautifully designed interior are sure hits with all our Gimmel campers.
