**OFF-ROADING** New activity comes to Camp Romimu! Imagine exploring the wooded terrain surrounding Camp Romimu on a brand new UTV! A professional instructor will be leading the groups through an exciting journey on our new 2-mile off-road trail. Gear up with your helmet and fasten your seatbelt, because you will be having a rugged ride through the woods. You might come back muddy, you might come back tired - but you will certainly have a huge smile on your face, having experienced an amazing expedition!

**NEW COURTS** Camp Romimu is well known for its magnificent sports facilities. Baseball, hockey, basketball, football, volleyball are all played on state-of-the-art courts and fields. Camp Romimu is proud to announce that the courts behind the canteen will be undergoing a complete and total renovation for the summer of '23. The new basketball and volleyball courts will feature top-of-the-line nets, premium pads and fiberglass backboards. Newly paved roads leading to the courts will provide easy access. Our cheering spectators will enjoy sitting on the deluxe brand-new bleachers. Adjacent to the new basketball court, will be our newly renovated spectacular tennis courts! Get ready for some amazing games on these newly paved courts with deluxe netting.

**PROFESSIONAL LIGHTING** We enjoy our courts and fields during the day. But there is nothing like nighttime leagues or just a fun game at night with some friends. Our sports complex will now be fully lighted for nighttime use. We are happy to bring you new professional lighting for the tennis courts, MSG and Nassau hockey courts and lower baseball fields. Play ball, have a tennis match, take some slapshots or have an all-out hockey competition by day or by night on our spectacular tennis and hockey courts and baseball fields!

**BUNKHOUSES** Our bunkhouses in Camp Romimu are truly beautiful. Wooden walls and floors, built in beds, plenty of cubby space all create a cozy, comfortable setting for bunk get togethers. Our cool air conditioning keeps the bunkhouses comfortable on those hot summer days. Now two more bunkhouses and some of our staff bungalows are getting a complete renovation for the summer of '23!
